Do your products have a warranty?

At Time Resistance, we are dedicated to crafting leather goods that stand the test of time. Our products are made with the highest quality materials and traditional craftsmanship, designed to accompany you for a lifetime. Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty (/pages/warranty) on our leather bags and accessories.

Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

It is possible to cancel an order up until the time it is dispatched.

If the status of the order is "Shipped", you have to create a return.

Is it leather?

Time Resistance bags and accessories are made from premium quality full-grain hand-dyed vegetable-tanned Italian cowhide, known as Vachetta leather. This exquisite leather is tanned exclusively with natural tannins of vegetable origin, ensuring that it is free from toxic substances. The tannin extracts are fundamental to the slow tanning process, which preserves the leather's natural look and results in a one-of-a-kind pattern for each piece.

Do you have seasonal sales?

No, our bags are timeless, so we don't have clearances. We use high-quality materials, and our products are made in Italy. We do not set high prices only to offer big discounts later. Therefore, significant discounts are just not possible for us. On the flip side, you will never have the unpleasant surprise of finding out that something you just bought has been discounted by 50%.

How should I care for my bag?

We recommend adding a can of Time Resistance leather balsam to your order. Give the bag a good rub once every one or two months, depending on the frequency of use. It will moisturize the leather, keep it supple, add a healthy shine and waterproof it.

How can I get in touch with Time Resistance?

You can email us at care@timeresistance.com (mailto:care@timeresistance.com) or use the Contact Form (/pages/contact-us)

Our products are made with the highest quality materials and traditional craftsmanship, designed to accompany you for a lifetime. Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty on our leather bags and accessories. What Our Lifetime Warranty Covers

Our lifetime warranty guarantees that your Time Resistance product will be free from defects in materials and workmanship for the lifetime of the product. If, at any time, your item fails due to a manufacturing defect, we will repair it at no cost to you. This includes: **Stitching Issues:** If the stitching on your bag or accessory comes undone due to faulty workmanship, we will repair or restitch it. **Hardware Failure:** Should any hardware, such as zippers, clasps, buckles, or rivets, break or malfunction due to a manufacturing defect, we will repair or replace the faulty part.

Warranty Exclusions

While our products are built to last, there are certain circumstances where our warranty does not apply. These exclusions include, but are not limited to: **Natural Wear and Tear:** Over time, leather will naturally age, develop a patina, and show signs of wear. This is part of what makes your product unique. Variations in color, texture, and minor scuffs that develop over time are not covered under this warranty. **Accidental Damage:** Damage caused by dropping, crushing, or other impacts, including punctures, tears, and cuts, is not covered. **Improper Care or Maintenance:** Leather is a natural material that requires proper care. Any damage resulting from neglect, such as exposure to harsh chemicals, direct sunlight, prolonged moisture, or failure to regularly condition the leather, is not covered. **Alterations or Unauthorized Repairs:** Any modifications or repairs made by someone other than Time Resistance or an authorized repair service may void the warranty. **Damage from External Elements:** Damage caused by external elements such as fire, flood, or other natural disasters is not covered by this warranty. **Intentional Damage or Misuse:** Intentional damage, misuse, or abuse of the product, including overloading, using it for purposes other than its intended use, or subjecting it to unreasonable force, will void the warranty.

Terms & Conditions

Source: <https://timeresistance.com/pages/terms-conditions> (<https://timeresistance.com/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside the United States, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility.

We guarantee there are no additional fees (import tax, customs duty) for clients from the United States.

Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

Do I need to set up an account to place an order?

No, you can shop at Time Resistance without creating an account.

What payment methods do you accept and is it safe?

You can pay with credit/debit card, PayPal, PayPal Express Checkout, or Klarna.

We accept Visa, MasterCard, American Express, Apple Pay and Google Pay.

We use SSL certificates to protect our check-out pages.

Additional payment methods may be available in the future.

What if I need to change or cancel my order?

It is possible to cancel an order up until the time it is dispatched.

If the status of the order is "Shipped", you have to create a return.

Is it leather?

Time Resistance bags and accessories are made from premium quality full-grain hand-dyed vegetable-tanned Italian cowhide, known as Vachetta leather. This exquisite leather is tanned exclusively with natural tannins of vegetable origin, ensuring that it is free from toxic substances. The tannin extracts are fundamental to the slow tanning process, which preserves the leather's natural look and results in a one-of-a-kind pattern for each piece.

Do you have seasonal sales?

No, our bags are timeless, so we don't have clearances. We use high-quality materials, and our products are made in Italy. We do not set high prices only to offer big discounts later. Therefore, significant discounts are just not possible for us. On the flip side, you will never have the unpleasant surprise of finding out that something you just bought has been discounted by 50%.

How should I care for my bag?

We recommend adding a can of Time Resistance leather balsam to your order. Give the bag a good rub once every one or two months, depending on the frequency of use. It will moisturize the leather, keep it supple, add a healthy shine and waterproof it.

Warranty

Source: <https://eu.timeresistance.com/pages/warranty> (<https://eu.timeresistance.com/pages/warranty>)

Lifetime Warranty

At Time Resistance, we are dedicated to crafting leather goods that stand the test of time. Our products are made with the highest quality materials and traditional craftsmanship, designed to accompany you for a lifetime. Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty on our leather bags and accessories. Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather

has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

What Our Lifetime Warranty Covers

Our lifetime warranty guarantees that your Time Resistance product will be free from defects in materials and workmanship for the lifetime of the product. If, at any time, your item fails due to a manufacturing defect, we will repair it at no cost to you. This includes: **Stitching Issues:** If the stitching on your bag or accessory comes undone due to faulty workmanship, we will repair or restitch it. **Hardware Failure:** Should any hardware, such as zippers, clasps, buckles, or rivets, break or malfunction due to a manufacturing defect, we will repair or replace the faulty part.

Warranty Exclusions

While our products are built to last, there are certain circumstances where our warranty does not apply. These exclusions include, but are not limited to: **Natural Wear and Tear:** Over time, leather will naturally age, develop a patina, and show signs of wear. This is part of what makes your product unique. Variations in color, texture, and minor scuffs that develop over time are not covered under this warranty. **Accidental Damage:** Damage caused by dropping, crushing, or other impacts, including punctures, tears, and cuts, is not covered. **Improper Care or Maintenance:** Leather is a natural material that requires proper care. Any damage resulting from neglect, such as exposure to harsh chemicals, direct sunlight, prolonged moisture, or failure to regularly condition the leather, is not covered. **Alterations or Unauthorized Repairs:** Any modifications or repairs made by someone other than Time Resistance or an authorized repair service may void the warranty. **Damage from External Elements:** Damage caused by external elements such as fire, flood, or other natural disasters is not covered by this warranty. **Intentional Damage or Misuse:** Intentional damage, misuse, or abuse of the product, including overloading, using it for purposes other than its intended use, or subjecting it to unreasonable force, will void the warranty.

Terms & Conditions

Source: <https://eu.timeresistance.com/pages/terms-conditions>
(<https://eu.timeresistance.com/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside the EU, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility.

We guarantee there are no additional fees (import tax, customs duty or other) for clients from the USA, European Union or Australia.

At Time Resistance, we believe that your leather accessory should be as unique as you are. Our personalization services allow you to add a touch of individuality to your favorite pieces, making them truly yours. Whether you choose laser engraving or a classic monogram, our skilled artisans will create a bespoke item that reflects your personal style and story.

Laser Engraving

Experience the art of precision with our laser engraving service. We can engrave text, symbols, and logo onto your chosen leather product, adding a distinctive mark that stands the test of time. To personalize your item with laser engraving, simply provide the following information in the Order Special Instructions section in Your Cart when placing your order.

- Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com

(mailto:care@timeresistance.com).

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to 5 characters in upper case letters.

- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Warranty

Source: <https://global.timeresistance.com/pages/warranty>
(<https://global.timeresistance.com/pages/warranty>)

Lifetime Warranty

At Time Resistance, we are dedicated to crafting leather goods that stand the test of time. Our products are made with the highest quality materials and traditional craftsmanship, designed to accompany you for a lifetime. Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty on our leather bags and accessories. Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

What Our Lifetime Warranty Covers

Our lifetime warranty guarantees that your Time Resistance product will be free from defects in materials and workmanship for the lifetime of the product. If, at any time, your item fails due to a manufacturing defect, we will repair it at no cost to you. This includes: **Stitching Issues:** If the stitching on your bag or accessory comes undone due to faulty workmanship, we will repair or restitch it. **Hardware Failure:** Should any hardware, such as zippers, clasps, buckles, or rivets, break or malfunction due to a manufacturing defect, we will repair or replace the faulty part.

Warranty Exclusions

While our products are built to last, there are certain circumstances where our warranty does not apply. These exclusions include, but are not limited to: **Natural Wear and Tear:** Over time, leather will naturally age, develop a patina, and show signs of wear. This is part of what makes your product unique. Variations in color, texture, and minor scuffs that develop over time are not covered under this warranty. **Accidental Damage:** Damage caused by dropping, crushing, or other impacts, including punctures, tears, and cuts, is not covered. **Improper Care or Maintenance:** Leather is a natural material that requires proper care. Any damage resulting from neglect, such as exposure to harsh chemicals, direct sunlight, prolonged moisture, or failure to regularly condition the leather, is not covered. **Alterations or Unauthorized Repairs:** Any modifications or repairs made by someone other than Time Resistance or an authorized repair service may void the warranty. **Damage from External Elements:** Damage caused by external elements such as fire, flood, or other natural disasters is not covered by this warranty. **Intentional Damage or Misuse:** Intentional damage, misuse, or abuse of the product, including overloading, using it for purposes other than its intended use, or subjecting it to unreasonable force, will void the warranty.

Loss or Theft: The warranty does not cover loss or theft of your product.

If any problem occurs with the product received, which indicates a necessity for repair, contact us by email care@timeresistance.com (<mailto:care@timeresistance.com>) and we will repair your product within 1 week of delivery to us.

Terms & Conditions

Source: <https://global.timeresistance.com/pages/terms-conditions>
(<https://global.timeresistance.com/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a

confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside the US, European Union or Australia, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility. We guarantee there are no additional fees (import tax, customs duty or other) for clients from the USA, European Union or Australia.

At Time Resistance, we believe that your leather accessory should be as unique as you are. Our personalization services allow you to add a touch of individuality to your favorite pieces, making them truly yours. Whether you choose laser engraving or a classic monogram, our skilled artisans will create a bespoke item that reflects your personal style and story.

Laser Engraving

Experience the art of precision with our laser engraving service. We can engrave text, symbols, and logo onto your chosen leather product, adding a distinctive mark that stands the test of time. To personalize your item with laser engraving, simply provide the following information in the Order Special Instructions section in Your Cart when placing your order.

- Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com (mailto:care@timeresistance.com).

Once we receive your order, our team will create a mockup of the engraving and send it to you for your approval.

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to 5 characters in upper case letters.
- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Terms & Conditions

Source: <https://timeresistance.co.uk/pages/terms-conditions> (<https://timeresistance.co.uk/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and

send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside of the United Kingdom, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility. We guarantee there are no additional fees (import tax, customs duty or other) for clients from the United Kingdom.

At Time Resistance, we believe that your leather accessory should be as unique as you are. Our personalization services allow you to add a touch of individuality to your favorite pieces, making them truly yours. Whether you choose laser engraving or a classic monogram, our skilled artisans will create a bespoke item that reflects your personal style and story.

Laser Engraving

Experience the art of precision with our laser engraving service. We can engrave text, symbols, and logo onto your chosen leather product, adding a distinctive mark that stands the test of time. To personalize your item with laser engraving, simply provide the following information in the Order Special Instructions section in Your Cart when placing your order.

- Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com (mailto:care@timeresistance.com).

Once we receive your order, our team will create a mockup of the engraving and send it to you for your approval.

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to 5 characters in upper case letters.
- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Do your products have a warranty?

Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty (</pages/warranty>) on our leather bags and accessories.

Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

Is it leather?

Time Resistance bags and accessories are made from premium quality full-grain hand-dyed vegetable-tanned Italian cowhide, known as Vachetta leather. This exquisite leather is tanned exclusively with natural tannins of vegetable origin, ensuring that it is free from toxic substances. The tannin extracts are fundamental to the slow tanning process, which preserves the leather's natural look and results in a one-of-a-kind pattern for each piece.

Do you have seasonal sales?

No, our bags are timeless, so we don't have clearances. We use high-quality materials, and our products are made in Italy. We do not set high prices only to offer big discounts later. Therefore, significant discounts are just not possible for us. On the flip side, you will never have the unpleasant surprise of finding out that something you just bought has been discounted by 50%.

How should I care for my bag?

We recommend adding a can of Time Resistance leather balsam to your order. Give the bag a good rub once every one or two months, depending on the frequency of use. It will moisturize the leather, keep it supple, add a healthy shine and waterproof it.

How can I get in touch with Time Resistance?

Terms & Conditions

Source: <https://ca.timeresistance.com/pages/terms-conditions>
(<https://ca.timeresistance.com/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside of Canada, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility.

Personalization

At Time Resistance, we believe that your leather accessory should be as unique as you are. Our personalization services allow you to add a touch of individuality to your favorite pieces, making them truly yours. Whether you choose laser engraving or a classic monogram, our skilled artisans will create a bespoke item that reflects your personal style and story.

Laser Engraving

Experience the art of precision with our laser engraving service. We can engrave text, symbols, and logo onto your chosen leather product, adding a distinctive mark that stands the test of time. To personalize your item with laser engraving, simply provide the following information in the Order Special Instructions section in Your Cart when placing your order.

- Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com (<mailto:care@timeresistance.com>).

Once we receive your order, our team will create a mockup of the engraving and send it to you for your approval.

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to 5 characters in upper case letters.
- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Do your products have a warranty?

Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty (/pages/warranty) on our leather bags and accessories.

Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

Is it leather?

Time Resistance bags and accessories are made from premium quality full-grain hand-dyed vegetable-tanned Italian cowhide, known as Vachetta leather. This exquisite leather is tanned exclusively with natural tannins of vegetable origin, ensuring that it is free from toxic substances. The tannin extracts are fundamental to the slow tanning process, which preserves the leather's natural look and results in a one-of-a-kind pattern for each piece.

Do you have seasonal sales?

No, our bags are timeless, so we don't have clearances. We use high-quality materials, and our products are made in Italy. We do not set high prices only to offer big discounts later. Therefore, significant discounts are just not possible for us. On the flip side, you will never have the unpleasant surprise of finding out that something you just bought has been discounted by 50%.

How should I care for my bag?

We recommend adding a can of Time Resistance leather balsam to your order. Give the bag a good rub once every one or two months, depending on the frequency of use. It will moisturize the leather, keep it supple, add a healthy shine and waterproof it.

How can I get in touch with Time Resistance?

Terms & Conditions

Source: <https://au.timeresistance.com/pages/terms-conditions>
(<https://au.timeresistance.com/pages/terms-conditions>)

General Conditions

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary

of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Under no circumstance shall Time Resistance be liable, in contractual or non-contractual terms, for any direct or indirect, specific or general damage which may occur due to the use, the non-use and/or due to the performance or defect/error of any Time Resistance product, information or content included in the Site (and the foregoing disregards the fact that Time Resistance was aware or not of the possibility that such damage may occur). Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. Customers are encouraged to ensure deliveries are made to secure locations whenever possible.

Accounting documents, duties and taxes

For all accepted and executed orders, our company will issue an invoice for the ordered material and send it via email to the customer upon request.

For the issuance of the invoice, the information provided by the customer at the moment of the order will be considered valid. Once it has been issued, no change in the tax document will be possible. No responsibility can be attributed to our company in case of delay in the execution or the delivery of the order.

If you order from our site for delivery outside of Australia or New Zealand, you may be liable for import duties and taxes charged by Customs. These additional charges are the customer's responsibility.

At Time Resistance, we believe that your leather accessory should be as unique as you are. Our personalization services allow you to add a touch of individuality to your favorite pieces, making them truly yours. Whether you choose laser engraving or a classic monogram, our skilled artisans will create a bespoke item that reflects your personal style and story.

Laser Engraving

Experience the art of precision with our laser engraving service. We can engrave text, symbols, and logo onto your chosen leather product, adding a distinctive mark that stands the test of time. To personalize your item with laser engraving, simply provide the following information in the Order Special Instructions section in Your Cart when placing your order.

- Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com (<mailto:care@timeresistance.com>).

Once we receive your order, our team will create a mockup of the engraving and send it to you for your approval.

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to ten characters in upper case letters.
- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Do your products have a warranty?

At Time Resistance, we are dedicated to crafting leather goods that stand the test of time. Our products are made with the highest quality materials and traditional craftsmanship, designed to accompany you for a lifetime. Because we believe in the durability and enduring appeal of our products, we are proud to offer a lifetime warranty (/pages/warranty) on our leather bags and accessories.

Each product may vary slightly in color or texture, due to the particularity of the tanning process and the natural products used. We do not consider it a defect, but rather a token of uniqueness. To ensure the authenticity of our products, we provide a Certificate of Guarantee. This guarantees that our leather has been tanned exclusively with natural tannins of vegetable origin and does not contain substances prohibited by law. Tannin extracts are the fundamental ingredients of the slow tanning process and give the best quality. Each item is carefully crafted and undergoes accurate quality control. Small veins, wrinkles and imperceptible scratches that eventually present on the leather prove its naturalness, rendering each skin one of a kind.

If the status of the order is "Shipped", you have to create a return.

Is it leather?

Time Resistance bags and accessories are made from premium quality full-grain hand-dyed vegetable-tanned Italian cowhide, known as Vachetta leather. This exquisite leather is tanned exclusively with natural tannins of vegetable origin, ensuring that it is free from toxic substances. The tannin extracts are fundamental to the slow tanning process, which preserves the leather's natural look and results in a one-of-a-kind pattern for each piece.

Do you have seasonal sales?

No, our bags are timeless, so we don't have clearances. We use high-quality materials, and our products are made in Italy. We do not set high prices only to offer big discounts later. Therefore, significant discounts are just not possible for us. On the flip side, you will never have the unpleasant surprise of finding out that something you just bought has been discounted by 50%.

How should I care for my bag?

We recommend adding a can of Time Resistance leather balsam to your order. Give the bag a good rub once every one or two months, depending on the frequency of use. It will moisturize the leather, keep it supple, add a healthy shine and waterproof it.

How can I get in touch with Time Resistance?

The confirmation and submission of an order by a customer (where "customer" means a site user who accesses and checks out of the e-commerce website), indicates the acknowledgment and full acceptance of these terms and conditions of sale by the customer. The sales contract between our company and the customer is considered complete when we accept the order.

Purchase Method

The customer can only purchase the products in the catalog at the time of the order and viewable online. The order will be processed upon receipt of a valid email address by the customer of a confirmation notice regarding the authorization to charge the price and delivery charges to the customer's credit card. The correct receipt of the order is confirmed by our company by email, sent to the email address supplied by the customer. This confirmation message will contain date and time of order and the customer order number to be used in all further communications with our company. The message will include all data entered by the customer, all the information regarding the

characteristics of the goods, the indication of the price, payment methods, the terms and delivery charges and the applicable taxes. The customer must report any necessary corrections. In case of non-acceptance, our company will ensure a timely notification to the customer.

Prices

The products will be sold at the prices indicated in the online product sheet at the time of confirmation of order by the customer. Delivery is always free, regardless of the destination. Before the customer confirms the order by clicking the appropriate button on the web page, a summary of all the prices of the products in the shopping cart will be listed, including taxes and delivery charges. This information will then be automatically reiterated on the order form that the customer sends to our company after confirming the order.

Limited Liability

Some of the foregoing limitations may not be applicable, since some jurisdictions do not permit the exclusion or limitation of liability for direct or indirect damages.

Stolen or Missing Packages After Delivery

Time Resistance is not responsible for any order that has been confirmed as delivered with delivery confirmation but is later stolen or goes missing. Once the delivery is confirmed, the risk of loss or theft passes to the customer, and we are unable to issue a refund or replacement in such cases. - Message: Specify the text you wish to engrave.
- Font Style: Choose from three elegant fonts.
- To engrave symbols or a logo, please email PNG file to care@timeresistance.com (mailto:care@timeresistance.com).

Once we receive your order, our team will create a mockup of the engraving and send it to you for your approval.

Laser Engraving Examples

Laser engraving reacts with the leather surface, producing a unique shade each time that depends on the leather's color; the engraving color is determined by the leather and cannot be freely selected.

Monograms (Debossing)

For a timeless and refined touch, consider adding a monogram to your leather accessory. Our debossing service imprints your initials into the leather, creating a subtle yet striking effect. To personalize your item with a monogram, simply provide the following details in the Order Special Instructions section in Your Cart when placing your order.

- Initials: Specify up to 5 characters in upper case letters.
- Preferred Color: Choose from Clear, Black, Silver, or Gold.

Our monograms are crafted using the Georgia Standard font, ensuring a classic and sophisticated appearance.

Important Information

Personalization services, including logo laser engraving and monogramming, are currently free of charge when purchased with a Time Resistance bag. This may change in the future if personalization fees are introduced.

Personalized items are crafted especially for you and cannot be returned. Please ensure that all personalization details are accurate before submitting your order.

Personalization takes additional 1-2 business days.

If we do not receive a response to our email regarding personalization suggestions within two weeks, we will proceed with standard product customization.

Availability

Please note that the availability of personalization options depends on the specific product and its characteristics. Some products are suitable for laser engraving, while others are best suited for monograms. While adding a product to your cart, the available personalization option for that product will be displayed.

Per garantire l'autenticità, forniamo un Certificato di Garanzia: attesta che la nostra pelle è conciata esclusivamente con tannini di origine vegetale e non contiene sostanze vietate dalla legge. I tannini sono alla base della concia lenta e assicurano la migliore qualità.

E' conciata esclusivamente con tannini naturali di origine vegetale, quindi priva di sostanze tossiche.

Il processo di concia lento preserva l'aspetto naturale della pelle e genera per ogni pezzo una trama unica.

Avete saldi stagionali?

No. Le nostre borse sono senza tempo, quindi non facciamo svendite. Usiamo materiali di alta qualità e i nostri prodotti sono fatti in Italia. Non alziamo i prezzi per poi offrire grandi sconti. Di conseguenza, sconti rilevanti non sono per noi sostenibili.

Il lato positivo: non rischierai mai di scoprire che un articolo appena acquistato è stato scontato del 50%.

Come devo prendermi cura della mia borsa?

Ti consigliamo di aggiungere al tuo ordine il balsamo per pelle Time Resistance.

Applica una volta ogni 1-2 mesi (in base all'uso)

1. Pulisci con un panno asciutto.
2. Stendi una piccola quantità di balsamo con movimenti circolari.
3. Lascia assorbire e lucida con un panno morbido.

Effetto: idrata, mantiene la pelle morbida, dona lucentezza e offre protezione idrorepellente.

Warranty

Source: <https://timeresistance.it/pages/garanzia> (<https://timeresistance.it/pages/garanzia>)

Garanzia a vita

In Time Resistance, ci dedichiamo alla creazione di articoli in pelle destinati a durare nel tempo e a raccontare una storia unica. I nostri articoli sono realizzati con materiali di altissima qualità e sapiente artigianalità tradizionale, concepiti per durare una vita. Poiché crediamo nella resistenza e nel fascino senza tempo dei nostri prodotti, offriamo con orgoglio una garanzia a vita sulle nostre borse e accessori in pelle. Ogni articolo può presentare leggere variazioni di colore o texture, a causa della peculiarità del processo di concia e della natura dei prodotti naturali impiegati. Queste non sono da considerarsi imperfezioni, bensì segni distintivi che esaltano l'unicità della materia naturale e del processo di concia artigianale. Per garantire l'autenticità di ogni creazione, ogni prodotto viene accompagnato da un Certificato di Garanzia. Questo certifica che la pelle è stata conciata esclusivamente con tannini naturali di origine vegetale, senza l'impiego di sostanze vietate. Gli estratti di tannino sono l'ingrediente fondamentale del nostro processo di concia lenta, che garantisce qualità e durata. Ogni pezzo è rifinito con cura e sottoposto a un accurato controllo qualità. Piccole venature, piccole pieghe o graffi impercettibili che possono comparire sulla pelle sono la testimonianza della sua naturalezza, rendendo ogni pelle un pezzo unico.

Cosa copre la nostra garanzia a vita

La nostra garanzia a vita garantisce che i prodotti Time Resistance siano privi di difetti nei materiali e nella lavorazione per tutta la durata del prodotto. Se, in qualsiasi momento, l'articolo dovesse presentare un difetto di fabbricazione, provvederemo alla riparazione senza alcun costo. Include: Problemi di cucitura: Se le cuciture della borsa o dell'accessorio dovessero cedere a causa di un difetto di lavorazione, verranno riparate o rifatte. Guasti alla minuteria meccanica: Se un componente metallico - come cerniere, fibbie, bottoni o rivetti - dovesse rompersi o non funzionare correttamente a causa di un difetto di fabbricazione, provvederemo alla riparazione o alla sostituzione del pezzo difettoso.

Limitazioni della garanzia

Nonostante i nostri prodotti siano progettati per durare, vi sono alcune circostanze in cui la garanzia non è applicabile. Le esclusioni includono, ma non si limitano a: Usura naturale: Nel tempo, la pelle invecchia naturalmente, sviluppa una patina e mostra segni di usura. Questo è ciò che rende ogni prodotto unico. Le variazioni di colore, grana o le piccole abrasioni che si sviluppano con l'uso non sono coperte dalla garanzia. Danni accidentali: I danni causati da cadute, schiacciamenti o altri impatti - inclusi forature, tagli e lacerazioni - non sono coperti. Cura o manutenzione inadeguata: La pelle è un materiale naturale che richiede cure adeguate. Eventuali danni causati da trascuratezza - come esposizione a sostanze chimiche aggressive, luce solare diretta, umidità prolungata o mancata applicazione regolare di prodotti specifici per la pelle - non sono coperti. Alterazioni o riparazioni non autorizzate: Eventuali modifiche o riparazioni effettuate da soggetti diversi da Time Resistance o

da un centro di assistenza autorizzato possono invalidare la garanzia. Danni causati da agenti esterni: I danni provocati da eventi esterni, come incendi, alluvioni o altre calamita naturali, non sono coperti dalla presente garanzia. Danni intenzionali o uso improprio: Eventuali danni intenzionali, usi impropri o utilizzi non conformi alla destinazione d'uso del prodotto - incluso il sovraccarico o l'applicazione di forza eccessiva - comportano la decadenza della garanzia. Smarrimento o furto: La garanzia non copre lo smarrimento ne il furto del prodotto. In caso di problemi con il prodotto ricevuto che richiedano una riparazione, e possibile contattare il servizio clienti all'indirizzo assistenza@timeresistance.com (mailto:assistenza@timeresistance.com). Il prodotto verra riparato entro una settimana dalla ricezione.

Una volta ricevuto l'ordine, verrà inviata una proposta con dimensioni e posizionamento dell'incisione per approvazione.

Esempi di incisione laser

L'incisione laser reagisce con la superficie del cuoio, generando ogni volta una tonalità unica che dipende dal colore della pelle. Il colore dell'incisione è determinato dal tipo di cuoio e non può essere scelto liberamente.

Monogrammi (in rilievo)

Per un tocco senza tempo e raffinato, si consiglia l'aggiunta di un monogramma all'accessorio in pelle. Il servizio di impressione a caldo consente di imprimere le iniziali nella pelle, creando un effetto discreto ma distintivo. Per richiedere un monogramma, selezionare l'opzione "Personalizzazione" al momento dell'ordine e fornire le seguenti informazioni nel campo "Istruzioni speciali per l'ordine" nel carrello:

- Iniziali: È possibile inserire fino a 5 lettere maiuscole.
- Colore preferito: Disponibili: trasparente, nero, argento, oro.

I monogrammi vengono realizzati con il carattere Georgia Standard, per un risultato classico ed elegante.

Informazioni importanti

I servizi di personalizzazione, inclusa l'incisione laser del logo e i monogrammi, sono attualmente gratuiti se acquistati insieme a una borsa Time Resistance. Questo potrebbe cambiare in futuro se verranno introdotti costi di personalizzazione.

Gli articoli personalizzati vengono realizzati su richiesta e non possono essere restituiti. Si raccomanda di verificare attentamente i dettagli della personalizzazione prima di confermare l'ordine. La personalizzazione richiede 1-2 giorni lavorativi aggiuntivi.

In assenza di riscontro all'e-mail relativa alla proposta di personalizzazione entro due settimane, verrà eseguita la procedura standard.

Disponibilit 

La disponibilit  delle opzioni di personalizzazione pu  variare in base al prodotto e alle sue caratteristiche. Alcuni articoli sono pi  indicati per l'incisione laser, altri per il monogramma. Durante l'aggiunta di un prodotto al carrello, verranno visualizzate le opzioni di personalizzazione disponibili per quell'articolo.

Unsere Produkte werden aus den hochwertigsten Materialien und mit traditioneller Handwerkskunst gefertigt, um Sie ein Leben lang zu begleiten. Weil wir an die Langlebigkeit und zeitlose Attraktivität unserer Produkte glauben, bieten wir stolz eine lebenslange Garantie auf unsere Ledertaschen und Accessoires. (<https://timeresistance.de/pages/warranty>).

Aufgrund der Besonderheiten des Gerbprozesses und der natürlichen Produkte kann es bei jedem Artikel zu leichten Abweichungen in Farbe und Struktur kommen. Wir sehen dies nicht als Mangel, sondern als Zeichen der Einzigartigkeit. Zur Sicherstellung der Echtheit unserer Produkte stellen wir ein Zertifikat aus. Dies garantiert, dass unser Leder ausschließlich mit natürlichen pflanzlichen Gerbstoffen gegerbt wurde und keine gesetzlich verbotenen Stoffe enthält. Tanninextrakte sind die wesentliche Komponente des langsamen Gerbprozesses und gewährleisten beste Qualität. Jeder Artikel wird sorgfältig gefertigt und einer strengen Qualitätskontrolle unterzogen. Kleine Adern, Faltchen und minimale Kratzer, die sich im Laufe der Zeit auf dem Leder bilden können, bezeugen seine Natürlichkeit und machen jedes Stück einzigartig.

Ist es Leder?

Die Taschen und Accessoires von Time Resistance werden aus hochwertigem vollnarbigem, handgefarbtem und pflanzlich gegerbtem italienischem Rindsleder, bekannt als Vachetta-Leder, hergestellt. Dieses erlesene Leder wird ausschließlich mit natürlichen Gerbstoffen pflanzlichen Ursprungs gegerbt und ist somit frei von giftigen Stoffen. Die Tanninextrakte sind essenziell für den langsamen Gerbprozess, der das natürliche Aussehen des Leders bewahrt und jedem Stück ein einzigartiges Muster verleiht.

Gibt es bei Ihnen Saisonschlussverkäufe?

Nein, unsere Taschen sind zeitlos, daher gibt es bei uns keine Ausverkaufsware. Wir verwenden hochwertige Materialien und unsere Produkte werden in Italien gefertigt. Wir setzen keine hohen Preise an, nur um später große Rabatte zu gewahren. Daher sind erhebliche Preisnachlässe bei uns nicht machbar. Im Gegenzug ersparen Sie sich die unangenehme Überraschung, dass ein gerade gekaufter Artikel um 50 % reduziert wird.

Wie pflege ich meine Tasche?

Wir empfehlen, Ihrer Bestellung eine Dose Time Resistance Lederbalsam hinzuzufügen. Reiben Sie die Tasche je nach Nutzungshäufigkeit alle ein bis zwei Monate gründlich ein. Der Balsam spendet dem Leder Feuchtigkeit, hält es geschmeidig, verleiht ihm einen gesunden Glanz und macht es wasserfest.

Wie kann ich mit Time Resistance Kontakt aufnehmen?

Sie können uns eine E-Mail an kundenservice@timeresistance.com (<mailto:kundenservice@timeresistance.com>) senden oder das Kontaktformular nutzen (<https://timeresistance.de/pages/contact-us>).

Warranty

Lebenslange Garantie

Bei Time Resistance widmen wir uns der Herstellung von Lederwaren, die für die Ewigkeit gemacht sind. Unsere Produkte aus Materialien höchster Qualität und traditionellem Handwerk sind darauf ausgelegt, Sie ein Leben lang zu begleiten. Da wir an die Langlebigkeit und bleibende Attraktivität unserer Produkte glauben, bieten wir stolz eine lebenslange Garantie auf unsere Ledertaschen und Accessoires an. Jedes Produkt kann aufgrund der Besonderheit des Gerbprozesses und der verwendeten Naturprodukte

leichte Farb- oder Strukturabweichungen aufweisen. Wir betrachten dies nicht als Mangel, sondern als Zeichen der Einzigartigkeit. Um die Authentizität unserer Produkte zu gewährleisten, stellen wir ein Garantiezertifikat aus. Kleine Adern, Falten und kaum wahrnehmbare Kratzer, die sich im Laufe der Zeit auf dem Leder bilden, zeugen von seiner Natürlichkeit und machen jedes Stück einzigartig.

Was unsere lebenslange Garantie abdeckt

Unsere lebenslange Garantie stellt sicher, dass Ihr Time Resistance Produkt während seiner gesamten Lebensdauer frei von Material- und Verarbeitungsfehlern ist. Sollte Ihr Artikel aufgrund eines Herstellungsfehlers versagen, reparieren wir ihn kostenlos für Sie. Dies umfasst: Nahprobleme: Sollte sich die Naht Ihrer Tasche oder Ihres Accessoires aufgrund fehlerhafter Verarbeitung lösen, reparieren oder nähen wir sie neu. Hardwarefehler: Sollte Hardware wie Reißverschlüsse, Verschlüsse, Schnallen oder Nieten aufgrund eines Herstellungsfehlers versagen, reparieren wir das fehlerhafte Teil oder ersetzen es.

Garantieausschlüsse

Obwohl unsere Produkte für eine lange Lebensdauer gefertigt sind, gibt es Umstände, bei denen unsere Garantie nicht greift. Diese Ausschlüsse beinhalten unter anderem: Natürliche Abnutzung: Leder altert im Laufe der Zeit, entwickelt eine Patina und zeigt Abnutzungserscheinungen. Dies ist ein Teil dessen, was Ihr Produkt einzigartig macht. Farb- und Strukturvariationen sowie kleinere Kratzer, die mit der Zeit entstehen, sind von dieser Garantie ausgenommen. Unfallschaden: Schaden durch Herunterfallen, Quetschen oder andere Einwirkungen, einschließlich Einstichen, Rissen und Schnitten, sind nicht abgedeckt. Unsachgemäße Pflege oder Wartung: Leder ist ein Naturmaterial, das sorgfältige Pflege benötigt. Schaden durch Vernachlässigung, wie durch aggressive Chemikalien, direkte Sonneneinstrahlung, lang anhaltende Feuchtigkeit oder fehlender regelmäßiger Pflege, sind nicht abgedeckt. Änderungen oder unautorisierte Reparaturen: Änderungen oder Reparaturen, die von anderen als Time Resistance oder einem autorisierten Service ausgeführt werden, können zum Erlöschen der Garantie führen. Schaden durch äußere Einflüsse: Schaden, der durch äußere Einflüsse wie Feuer, Überschwemmung oder Naturkatastrophen entstehen, sind von dieser Garantie ausgenommen. Vorsätzliche Beschädigung oder Missbrauch: Bei vorsätzlicher Beschädigung, Missbrauch oder unsachgemäßer Verwendung, wie etwa Überladung oder Verwendung für nicht vorgesehene Zwecke, erlischt die Garantie.

Verlust oder Diebstahl: Der Verlust oder Diebstahl Ihres Produkts wird von der Garantie nicht abgedeckt.

Sollte es zu einem Problem mit dem erhaltenen Produkt kommen, das eine Reparatur erforderlich macht, kontaktieren Sie uns bitte per E-Mail unter kundenservice@timeresistance.com (<mailto:kundenservice@timeresistance.com>). Wir reparieren Ihr Produkt innerhalb einer Woche nach Erhalt.

Los extractos de taninos son fundamentales para el lento proceso de curtido, que preserva el aspecto natural del cuero y da como resultado un patrón único para cada pieza.

¿Hacen ofertas de temporada?

No, nuestros bolsos son atemporales, por eso no tenemos rebajas. Usamos materiales de alta calidad, y nuestros productos son fabricados en Italia. Por otro lado, nunca se llevará la desagradable sorpresa de descubrir que algo que acaba de comprar tiene un descuento del 50 %.

¿Como debo cuidar mi bolso?

Recomendamos que agregue a su pedido una lata de bálsamo para cuero de Time Resistance. Frote bien el

Warranty

Garantia de por vida

En Time Resistance, nos dedicamos a fabricar articulos de cuero que resistan el paso del tiempo. Nuestros productos estan elaborados con materiales de la mas alta calidad y artesanía tradicional, diseñados para acompañarle toda la vida. Porque creemos en la durabilidad y el atractivo duradero de nuestros productos, nos enorgullece ofrecer una garantia de por vida para nuestros bolsos y accesorios de cuero. Cada producto puede variar levemente en color o textura, debido a la particularidad del proceso de curtido y los productos naturales utilizados. No lo consideramos un defecto, sino una marca de singularidad. Para asegurar la autenticidad de nuestros productos, proporcionamos un Certificado de garantia. Esto asegura que nuestro cuero ha sido curtido exclusivamente con taninos naturales de origen vegetal y no contiene sustancias prohibidas por la ley. Los extractos de tanino son los ingredientes fundamentales del proceso de curtido lento y proporcionan la mejor calidad. Cada articulo se elabora cuidadosamente y se somete a un minucioso control de calidad. Las pequenas vetas, arrugas y arañazos imperceptibles que pueden aparecer en su superficie son prueba de su autenticidad, haciendo que cada cuero sea unico.

Que cubre nuestra garantia de por vida

Nuestra garantia de por vida garantiza que su producto Time Resistance estara libre de defectos en materiales y mano de obra durante la vida util del producto. Si, en cualquier momento, su articulo falla debido a un defecto de fabricacion, lo repararemos sin costo alguno para usted. Esto incluye lo siguiente: Problemas con la costura: Si las costuras de su bolso o accesorio se descosen debido a una mano de obra defectuosa, las repararemos o volveremos a coserlas. Fallo de los herrajes: Si algun herraje, como cremalleras, cierres, hebillas o remaches, se rompe o funciona mal debido a un defecto de fabricacion, repararemos o sustituiremos la pieza defectuosa.

Exclusiones de la garantia

Si bien nuestros productos estan elaborados para durar, hay ciertas circunstancias en las que no se aplica nuestra garantia. Estas exclusiones incluyen, entre otras: Desgaste natural: Con el tiempo, el cuero envejece de forma natural, desarrolla una patina y muestra signos de desgaste. Esto es parte de lo que hace que su producto sea unico. Esta garantia no cubre las variaciones de color, textura y pequenos arañazos que se produzcan con el paso del tiempo. Dano accidental: Los danos causados por caidas, aplastamiento u otros impactos, incluidos pinchazos, desgarros y cortes, no estan cubiertos. Cuidado o mantenimiento inadecuados: El cuero es un material natural que requiere cuidados adecuados. No estan cubiertos los danos causados por negligencia, como la exposicion a productos quimicos agresivos, la luz solar directa, la humedad prolongada o la falta de acondicionamiento regular del cuero. Alteraciones o reparaciones no autorizadas: Cualquier modificacion o reparacion realizada por alguien que no sea Time Resistance o un servicio de reparacion autorizado puede anular la garantia. Danos por elementos externos: Los danos causados por elementos externos como incendios, inundaciones u

otros desastres naturales no estan cubiertos por esta garantia. Danos intencionados o uso indebido: Los danos intencionados, el uso indebido o el abuso del producto, incluida la sobrecarga, el uso para fines distintos de los previstos o el sometimiento a una fuerza excesiva, anularan la garantia. Perdida o robo: La garantia no cubre la perdida o el robo de su producto. Si se produce algun problema con el producto recibido, que indique la necesidad de reparacion, pongase en contacto con nosotros por correo electronico en atencioncliente@timeresistance.com (<mailto:atencioncliente@timeresistance.com>) y repararemos su producto en el plazo de 1 semana a partir de la fecha de entrega.

Tanto si elige el grabado laser como un monograma clasico, nuestros expertos artesanos crearan un articulo a medida que refleje su estilo personal y su historia.

Grabado laser

Podemos grabar texto, simbolos y logotipos en el producto de cuero que elija, anadiendo una marca distintiva que resista el paso del tiempo. Para personalizar su articulo con grabado laser, solo tiene que seleccionar la opcion Personalizacion al realizar su pedido y proporcionar la siguiente informacion en las Instrucciones especiales del pedido en su carrito:

Una vez recibido su pedido, nuestro equipo preparara una sugerencia para la ubicacion y el tamano del grabado y se la enviara para su aprobacion.

Ejemplos de grabado laser

El grabado laser reacciona con la superficie del cuero, produciendo un tono unico cada vez, segun el color del cuero. El color del grabado lo determina el propio cuero y no puede elegirse libremente.

Monogramas (gofrado)

Para un toque atemporal y refinado, piense en anadir un monograma a su accesorio de cuero. Nuestro servicio de gofrado imprime sus iniciales en el cuero, creando un efecto sutil pero llamativo. Para personalizar su articulo con un monograma, solo tiene que seleccionar la opcion Personalizacion al realizar su pedido y proporcionar la siguiente informacion en las Instrucciones especiales del pedido en su carrito:

- Iniciales: especifique hasta 5 caracteres en letras mayusculas.

Los artículos personalizados se elaboran especialmente para usted y no se pueden devolver. Asegúrese de que todos los detalles de la personalización son correctos antes de enviar su pedido.

La personalización demora entre 1 a 2 días hábiles más.

Si no recibimos respuesta a nuestro correo electrónico sobre sugerencias de personalización en un plazo de dos semanas, procederemos a la personalización estándar del producto.

Czy wasze produkty są objęte gwarancją?

W Time Resistance tworzymy wyroby skórzane, które przetrwają próbę czasu. Powstają z najwyższej jakości materiałów i w oparciu o tradycyjne rzemiosło, aby towarzyszyć Ci przez całe życie. Dlatego z dumą oferujemy dożywotnią gwarancję (/pages/gwarancja) na nasze skórzane torby i akcesoria.

Poszczególne produkty mogą nieznacznie różnić się kolorem lub fakturą ze względu na specyfikę procesu garbowania oraz użycie naturalnych składników. Nie traktujemy tego jako wady, lecz jako oznakę unikalności. Dla potwierdzenia autentyczności dołączamy Certyfikat Gwarancji, który poświadczają, że nasza skóra została garbowana wyłącznie naturalnymi taninami roślinnymi i nie zawiera substancji zakazanych. Ekstrakty tanin są kluczowym elementem powolnego procesu garbowania, co przekłada się na najwyższą jakość.

Każdy egzemplarz jest starannie wykonany i przechodzi szczegółową kontrolę jakości. Drobne zylki, zmarszczenia czy ledwo widoczne ryski świadczą o naturalnym pochodzeniu skóry, czyniąc każdy wyrob jedynym w swoim rodzaju.

Czy muszę założyć konto, aby złożyć zamówienie?

Nie, możesz robić zakupy w Time Resistance bez zakładania konta.

Jakie metody płatności akceptujecie i czy płatność jest bezpieczna?

- Możesz zapłacić kartą kredytową/debetową, PayPal lub PayPal Express Checkout.

Możesz anulować zamówienie aż do momentu wysyłki. Jeśli status zamówienia to „Wysłane”, musisz zarejestrować zwrot.

Czy to jest skóra?

Bordy i akcesoria Time Resistance powstają z wysokogatunkowej, pełnoziarnistej skóry licowej z włoskiej krowiej skóry, barwionej ręcznie i garbowanej roślinnie, znanej jako skóra Vachetta. Skóra ta jest garbowana wyłącznie naturalnymi taninami pochodzenia roślinnego, dzięki czemu nie zawiera substancji toksycznych. Ekstrakty tanin są kluczowe dla powolnego procesu garbowania, który zachowuje naturalny wygląd skóry i sprawia, że każdy egzemplarz ma niepowtarzalny rysunek.

Czy macie sezonowe wyprzedaże?

Nie. Nasze torby są ponadczasowe, więc nie organizujemy wyprzedaży. Używamy wysokiej jakości materiałów, a produkty powstają we Włoszech. Nie zawyżamy cen, by później oferować duże rabaty. W praktyce oznacza to, że znaczne obniżki nie są u nas możliwe.

Z drugiej strony nie spotka Cię sytuacja, w której produkt kupiony przed chwilą nagle jest przeceniony o 50%.

Jak dbać o moją torbę?

Zalecamy dodanie do zamówienia puszek balsamu do skóry Time Resistance. W zależności od częstotliwości użytkowania, warto dokładnie natrzeć torbę raz na miesiąc lub co dwa miesiące. Balsam nawilży skórę, zachowa jej miękkość i elastyczność, nada jej zdrowy połysk oraz pomoże zabezpieczyć ją przed wilgocią.

Jak mogę skontaktować się z Time Resistance?

Możesz napisać do nas na obsługa@timeresistance.com albo skorzystać z formularza kontaktowego (</pages/skontaktuj-sie-z-nami>).

Dożywotnia gwarancja

W Time Resistance poświęcamy się tworzeniu wyrobów skorzanych, które przetrwają próbę czasu. Nasze produkty są wykonane z najwyższej jakości materiałów i tradycyjnymi metodami rzemieślniczymi, aby towarzyszyć przez całe życie. Ponieważ wierzymy w trwałość i nieprzemijającą atrakcyjność naszych produktów, z dumą oferujemy dożywotnią gwarancję na nasze torby skorzane i akcesoria. Każdy produkt może nieznacznie różnić się kolorem lub fakturą ze względu na specyfikę procesu garbowania i użytych produktów naturalnych. Nie uważamy tego za wadę, ale raczej za znak wyjątkowości. Aby zapewnić autentyczność naszych produktów, dołączamy certyfikat gwarancji. Gwarantuje on, że nasza skóra została garbowana wyłącznie naturalnymi garbnikami pochodzenia roślinnego i nie zawiera substancji zabronionych przez prawo. Ekstrakty garbników są podstawowymi składnikami powolnego procesu garbowania i zapewniają najwyższą jakość. Każdy produkt jest starannie wykonany i poddawany dokładnej kontroli jakości. Małe zylki, zmarszczki i niedostrzegalne rysy, które ostatecznie pojawiają się na skórze,

świadczą o jej naturalności, dzięki czemu każda skóra jest jedyna w swoim rodzaju.

Co obejmuje nasza dożywotnia gwarancja

Nasza dożywotnia gwarancja zapewnia, że produkt Time Resistance będzie wolny od wad materiałowych i wykonawczych przez cały okres użytkowania. Jeśli w dowolnym momencie produkt ulegnie uszkodzeniu z powodu wady produkcyjnej, naprawimy go bezpłatnie. Obejmuje to: Problemy ze szwami: Jeśli szwy na torbie lub akcesorium rozpadną się z powodu wadliwego wykonania, naprawimy je lub zszyjemy ponownie. Uszkodzenie elementów metalowych: Jeśli jakiegokolwiek elementy metalowe, takie jak zamki błyskawiczne, zatrzaski, klamry lub nity, ulegną uszkodzeniu lub nie będą działać prawidłowo z powodu wady produkcyjnej, naprawimy lub wymienimy wadliwą część.

Wylaczenia z gwarancji

Chociaż nasze produkty są trwałe, istnieją pewne okoliczności, w których nasza gwarancja nie ma zastosowania. Wylaczenia te obejmują między innymi: Naturalne zużycie: Z upływem czasu skóra naturalnie się starzeje, pokrywa się patyną i wykazuje oznaki zużycia. Jest to część tego, co sprawia, że produkt jest wyjątkowy. Różnice w kolorze, fakturze i niewielkie zadrapania, które pojawiają się z upływem czasu, nie są objęte niniejszą gwarancją. Uszkodzenia przypadkowe: Uszkodzenia spowodowane upadkiem, zgnieceniem lub innymi uderzeniami, w tym przebicie, rozdarcia i naciecia, nie są objęte gwarancją. Niewłaściwa pielęgnacja lub konserwacja: Skóra jest materiałem naturalnym, który wymaga odpowiedniej pielęgnacji. Uszkodzenia wynikające z zaniedbania, takie jak narazenie na działanie agresywnych środków chemicznych, bezpośrednie działanie promieni słonecznych, długotrwała wilgoć lub brak regularnej pielęgnacji skóry, nie są objęte gwarancją. Modyfikacje lub nieautoryzowane naprawy: Wszelkie modyfikacje lub naprawy wykonane przez osoby inne niż Time Resistance lub autoryzowany serwis naprawczy mogą spowodować unieważnienie gwarancji. Uszkodzenia spowodowane czynnikami zewnętrznymi: Uszkodzenia spowodowane czynnikami zewnętrznymi, takimi jak pożar, powódź lub inne klęski żywiołowe, nie są objęte niniejszą gwarancją. Uszkodzenia spowodowane umyślnie lub niewłaściwym użytkowaniem: Uszkodzenia spowodowane umyślnie, niewłaściwym użytkowaniem lub nadużyciem produktu, w tym przeciążeniem, użyciem do celów innych niż zamierzone lub poddaniem go nadmiernej sile, powodują utratę gwarancji.

Utrata lub kradzież: Gwarancja nie obejmuje utraty lub kradzieży produktu.

W przypadku wystąpienia jakichkolwiek problemów z otrzymanym produktem, które wskazują na konieczność naprawy, prosimy o kontakt pod adresem e-mail obsługa@timeresistance.com (<mailto:obsługa@timeresistance.com>), a my naprawimy produkt w ciągu 1 tygodnia od dostarczenia do nas.

Personalization

Source: <https://timeresistance.pl/pages/personalizacja>
(<https://timeresistance.pl/pages/personalizacja>)

Personalizacja

W Time Resistance wierzymy, że Państwa akcesoria skórzane powinny być tak wyjątkowe, jak Państwo sami. Nasze usługi personalizacji pozwalają nadać ulubionym produktom indywidualny charakter, dzięki czemu stają się one naprawdę Państwa własnością. Niezależnie od tego, czy zdecydują się Państwo na grawerowanie laserowe, czy klasyczny monogram, nasi wykwalifikowani rzemieślnicy stworzą produkt na zamówienie, który odzwierciedli osobisty styl i historię.

Grawerowanie laserowe

Poznajcie Państwo sztukę precyzji dzięki naszej usłudze grawerowania laserowego. Możemy wygrawerować tekst, symbole i logo na wybranym produkcie skórzanym, dodając charakterystyczny znak, który przetrwa próbę czasu. Aby spersonalizować swój produkt za pomocą grawerowania laserowego, wystarczy wybrać opcje personalizacji podczas składania zamówienia i podać następujące informacje w sekcji „Specjalne instrukcje dotyczące zamówienia” w koszyku:

- Wiadomość: Proszę podać tekst, który ma zostać wygrawerowany.
- Styl czcionki: Należy wybrać jeden z trzech eleganckich stylów czcionki.
- Aby wygrawerować symbole lub logo, prosimy o przesłanie pliku PNG na adres obsługa@timeresistance.com (<mailto:obsługa@timeresistance.com>).

Po otrzymaniu zamówienia nasz zespół przygotuje propozycje umiejscowienia i rozmiaru grawerunku i przśle ją do Państwa celem zatwierdzenia.

Przykład grawerowania laserowego

Grawerowanie laserowe reaguje z powierzchnią skóry, za każdym razem tworząc unikalny odcień zależny od jej koloru. Kolor grawerunku jest określany przez skórę i nie może być dowolnie wybierany.

Monogramy (wytłoczenia)

Aby nadać swoim akcesoriom skórzanym ponadczasowy i elegancki wygląd, warto rozważyć dodanie monogramu. Nasza usługa wytłaczania pozwala na umieszczenie inicjałów na skórze, tworząc subtelny, ale efektowny efekt. Aby spersonalizować swój produkt za pomocą monogramu, należy wybrać opcje personalizacji podczas składania zamówienia i podać następujące informacje w sekcji „Specjalne

instructie dotyczące zamówienia" w koszyku:

- Inicjały: Proszę wpisać maksymalnie 5 znaków wielkimi literami.
- Preferowany kolor: Do wyboru: przezroczysty, czarny, srebrny lub złoty.

Nasze monogramy są wykonywane czcionką Georgia Standard, co zapewnia klasyczny i elegancki wygląd.

Ważna informacja

Usługi personalizacji, w tym laserowe grawerowanie logo i monogramy, są obecnie bezpłatne przy zakupie razem z torbą Time Resistance. Może się to zmienić w przyszłości, jeśli zostaną wprowadzone opłaty za personalizację.

Produkty spersonalizowane są wykonywane specjalnie dla Państwa i nie podlegają zwrotowi. Przed złożeniem zamówienia prosimy o sprawdzenie, czy wszystkie szczegóły personalizacji są prawidłowe.

Personalizacja zajmuje dodatkowe 1-2 dni robocze.

Jeśli w ciągu dwóch tygodni nie otrzymamy odpowiedzi na naszą wiadomość e-mail dotyczącą sugestii personalizacji, przystąpimy do standardowej personalizacji produktu.

Dostępność

Należy pamiętać, że dostępność opcji personalizacji zależy od konkretnego produktu i jego właściwości.

Niektóre produkty nadają się do grawerowania laserowego, a inne najlepiej nadają się do monogramów.

Podczas dodawania produktu do koszyka wyświetla się dostępne opcje personalizacji dla tego produktu.

Bij Time Resistance zijn we toegewijd aan het maken van lederwaren die de tand des tijds doorstaan. Onze producten zijn gemaakt met de hoogste kwaliteit materialen en traditioneel vakmanschap, ontworpen om u een leven lang te vergezellen. Wij geloven in de duurzaamheid en blijvende aantrekkingskracht van onze producten en bieden daarom met trots een levenslange garantie op onze leren tassen en accessoires. (/pages/warranty) Elk product kan enigszins afwijken qua kleur of textuur, als gevolg van het bijzondere looiproces en de gebruikte natuurlijke producten. Dit beschouwen wij niet als een defect, maar eerder als een teken van uniekheid. Om de authenticiteit van onze producten te garanderen, verstrekken wij een Garantiecertificaat. Dit garandeert dat ons leer uitsluitend is gelooid met natuurlijke tannines van plantaardige oorsprong en dat het geen door de wet verboden stoffen bevat. Tannine-extracten zijn de basisingredienten van het trage looiproces en zorgen voor de beste kwaliteit. Elk product wordt met zorg gemaakt en ondergaat een nauwkeurige kwaliteitscontrole. Kleine nerven, rimpels en onopvallende krassen die eventueel op het leer aanwezig zijn bewijzen de natuurlijkheid ervan en laten zien dat elke huid uniek is.

Nee, u kunt bij Time Resistance winkelen zonder een account aan te maken.

Is het leer?

De tassen en accessoires van Time Resistance zijn gemaakt van eersteklas volnerf handgeverfd plantaardig geloid Italiaans runderleer, ook wel bekend als Vachetta-leer. Dit prachtige leer is uitsluitend geloid met natuurlijke tannines van plantaardige oorsprong, waardoor het vrij is van giftige stoffen. De tannine-extracten zijn fundamenteel voor het trage looiproces, dat ervoor zorgt dat het natuurlijke uiterlijk van het leer behouden blijft en dat elk product van een uniek patroon voorziet.

Is er een seizoensuitverkoop?

Nee, onze tassen zijn tijdloos, dus we houden geen uitverkoop. We gebruiken hoogwaardige materialen en onze producten worden in Italië gemaakt. We hanteren geen hoge prijzen om later grote kortingen te kunnen aanbieden. Daarom is het voor ons gewoon niet mogelijk om grote kortingen te geven. Aan de andere kant komt u nooit voor de onaangename verrassing te staan dat het product dat u zojuist hebt gekocht vervolgens met 50% is afgeprijsd.

Hoe moet ik mijn tas verzorgen?

We raden aan om een pot leerbalsem van Time Resistance aan uw bestelling toe te voegen. Wrijf de tas eens in de een of twee maanden goed in, afhankelijk van de gebruiksfrequentie. Dit zal het leer hydrateren, soepel houden, een gezonde glans geven en waterdicht maken.

Warranty

Source: <https://timeresistance.nl/pages/garantie> (<https://timeresistance.nl/pages/garantie>)

Levenslange garantie

Bij Time Resistance zijn we toegewijd aan het maken van lederwaren die de tand des tijds doorstaan. Onze producten zijn gemaakt met de hoogste kwaliteit materialen en traditioneel vakmanschap, ontworpen om u een leven lang te vergezellen. Aangezien we geloven in de duurzaamheid en blijvende aantrekkingskracht van onze producten, bieden we met trots een levenslange garantie op onze leren tassen en accessoires.

Elk product kan enigszins afwijken qua kleur of textuur, als gevolg van het bijzondere looiproces en de gebruikte natuurlijke producten. Dit beschouwen wij niet als een defect, maar eerder als een teken van uniekheid. Om de authenticiteit van onze producten te garanderen, verstrekken wij een Garantiecertificaat. Dit garandeert dat ons leer uitsluitend is gelooid met natuurlijke tannines van plantaardige oorsprong en dat het geen door de wet verboden stoffen bevat. Tannine-extracten zijn de basisingredienten van het trage looiproces en zorgen voor de beste kwaliteit. Elk product wordt met zorg gemaakt en ondergaat een nauwkeurige kwaliteitscontrole. Kleine nerven, rimpels en onopvallende krassen die eventueel op het leer aanwezig zijn bewijzen de natuurlijkheid ervan en laten zien dat elke huid uniek is.

Onze levenslange garantie dekt het volgende

Onze levenslange garantie biedt de garantie dat uw Time Resistance product vrij is van materiaal- en fabricagefouten gedurende de levensduur van het product. Als uw product op enig moment een defect vertoont als gevolg van een fabricagefout, zullen wij dit kosteloos voor u repareren. Dit omvat:

- Problemen met stiksels: Als het stiksel van uw tas of accessoire losraakt door gebrekkig vakmanschap, zullen we het repareren of opnieuw stikken.
- Problemen met de ijzerwaren: Mochten de ijzerwaren, zoals ritsen, haken, gespen of klinknagels breken of defect raken als gevolg van een fabricagefout, dan repareren of vervangen wij het defecte onderdeel.

Uitsluitingen van garantie

Hoewel onze producten gemaakt zijn om langdurig mee te gaan, zijn er bepaalde omstandigheden waarin onze garantie niet van toepassing is. Deze uitsluitingen omvatten, maar zijn niet beperkt tot:

Natuurlijke slijtage: Na verloop van tijd zal leer op natuurlijke wijze verouderen, een patina ontwikkelen en tekenen van slijtage vertonen. Dit is onder andere hetgeen dat uw product uniek maakt. Variaties in kleur, textuur en kleine slijtplekken die na verloop van tijd ontstaan, worden niet gedekt door deze garantie.

Onopzettelijke schade: Schade veroorzaakt door vallen, pletten of andere invloeden, inclusief perforaties, scheuren en sneden, wordt niet gedekt.

Onjuiste verzorging of onderhoud: Leer is een natuurlijk materiaal dat de juiste verzorging vereist. Schade als gevolg van verwaarlozing, zoals blootstelling aan agressieve chemicaliën, direct zonlicht, langdurige vochtigheid of het niet regelmatig onderhouden van het leer, wordt niet gedekt.

Wijzigingen of ongeoorloofde reparaties: Alle wijzigingen of reparaties die door iemand anders dan Time Resistance of een erkende reparatieservice zijn uitgevoerd, kunnen de garantie ongeldig maken.

Schade door externe factoren: Schade veroorzaakt door externe factoren zoals brand, overstroming of andere natuurrampen wordt door deze garantie niet gedekt.

Opzettelijke schade of misbruik: misbruik van het product, waaronder overbelasting, gebruik voor andere doeleinden dan waarvoor het product bedoeld is of blootstelling aan buitensporige krachten,

maakt de garantie ongeldig.

Verlies of diefstal: De garantie dekt geen verlies of diefstal van uw product.

Als er een probleem optreedt met het ontvangen product, wat duidt op een noodzaak tot reparatie, neem dan contact met ons op via e-mail klantenservice@timeresistance.com (<mailto:klantenservice@timeresistance.com>) en wij zullen uw product binnen 1 week na levering aan ons repareren.

Personalization

(<https://timeresistance.nl/pages/personalisatie>)

Personalisering

Bij Time Resistance vinden we dat uw lederen accessoire net zo uniek moet zijn als uzelf. Met onze

personaliseringsmethoden kunt u aan uw favoriete producten een vleugje individualiteit toevoegen, waardoor ze echt van u worden. Of u nu kiest voor lasergraveren of voor een klassiek monogram, onze bekwame vakmensen creëren een product op maat dat uw persoonlijke stijl en verhaal weerspiegelt.

Lasergraveren

Ervaar de kunst van precisie met onze lasergraveerservice. Wij kunnen tekst, symbolen en logo's graveren op het door u gekozen leren product, waarmee we een onderscheidend kenmerk toevoegen dat de tand des tijds doorstaat. Om uw artikel te personaliseren met lasergravure, geeft u eenvoudig de volgende informatie op in het veld "Speciale instructies voor de verkoper" in uw winkelwagen tijdens het plaatsen van uw bestelling.

- Bericht: Geef de tekst op die u wilt laten graveren.
- Lettertype: Kies uit drie elegante lettertypes.
- Als u symbolen of een logo wilt graveren, kunt u een PNG-bestand e-mailen naar klantenservice@timeresistance.com (mailto:klantenservice@timeresistance.com).

Zodra we uw bestelling ontvangen, zal ons team een suggestie voor de positie en grootte van de gravure voorbereiden en deze ter goedkeuring naar u opsturen.

Voorbeelden lasergravering

Lasergravure reageert op het oppervlak van het leer en creëert telkens een unieke tint die afhankelijk is van de kleur van het leer; de kleur van de gravure wordt bepaald door het leer en kan niet vrij worden gekozen.

Monogrammen (Blinddruk)

Voor een tijdloos en verfijnd accent kunt u overwegen een monogram aan uw leren accessoire toe te voegen. Onze blinddruk-service drukt uw initialen in het leer en creëert op die manier een subtiel, maar opvallend effect. Om uw item met een monogram te personaliseren, selecteert u de optie "personalisering" tijdens het plaatsen van uw bestelling en geeft u de volgende gegevens op in de "speciale instructies" in uw winkelwagen:

- Initialen: Voer maximaal 5 tekens in hoofdletters in.
- Gewenste kleur: Kies uit kleurloos, zwart, zilver of goud.

Onze monogrammen worden ontworpen met het Georgia Standard-lettertype, waardoor ze er klassiek en verfijnd uitzien.

Belangrijke informatie

Personalisatiediensten, waaronder logo-lasergravure en monogrammen, zijn momenteel gratis wanneer ze samen met een Time Resistance tas worden gekocht. Dit kan in de toekomst veranderen als er personalisatiekosten worden ingevoerd.

Gepersonaliseerde artikelen worden speciaal voor u gemaakt en kunnen niet geretourneerd worden.

Controleer goed of alle personaliseringsgegevens juist zijn alvorens uw bestelling te verzenden.

Personalisering neemt 1-2 werkdagen in beslag.

Als we binnen twee weken geen reactie ontvangen op onze e-mail met voorstellen voor personalisering, zullen we overgaan tot het standaard verzenden van het product.

Beschikbaarheid

Houd er rekening mee dat de beschikbaarheid van personaliseringsmogelijkheden afhangt van het specifieke product en de kenmerken ervan. Sommige producten zijn geschikt voor lasergravering, terwijl

andere het meest geschikt zijn voor monogrammen. Bij het toevoegen van een product aan uw winkelwagen zal de beschikbare personaliseringsoptie voor dat product worden weergegeven.

Ce cuir raffiné est tanné exclusivement avec des tanins naturels d'origine végétale, garantissant ainsi l'absence de substances toxiques. Les extraits de tanin sont essentiels au processus de tannage lent, qui préserve l'aspect naturel du cuir et confère à chaque pièce un motif unique.

Avez-vous des promotions saisonnières ?

Non, nos sacs sont intemporels, nous ne faisons donc pas de soldes. Nous utilisons des matériaux de haute qualité et nos produits sont fabriqués en Italie. Nous ne fixons pas des prix élevés uniquement pour offrir plus tard des réductions importantes. Par conséquent, il nous est tout simplement impossible d'accorder des remises importantes. D'un autre côté, vous n'aurez jamais la mauvaise surprise de découvrir que l'article que vous venez d'acheter a eu une réduction de 50 %.

Comment prendre soin de mon sac ?

Nous vous recommandons d'ajouter une boîte de baume pour cuir Time Resistance à votre commande. Frottez bien le sac une fois tous les mois ou tous les deux mois, selon la fréquence d'utilisation. Cela hydratera le cuir, le gardera souple, lui ajoutera une brillance saine et l'imperméabilisera.

Warranty

Garantie à vie

Chez Time Resistance, nous nous consacrons à la fabrication d'articles en cuir qui résistent à l'épreuve du temps. Nos produits sont fabriqués à partir de matériaux de la plus haute qualité et selon un savoir-faire artisanal traditionnel, ils sont conçus pour vous accompagner toute votre vie. Parce que nous croyons en la durabilité et l'attrait permanent de nos produits, nous sommes fiers d'offrir une garantie à vie sur nos sacs et accessoires en cuir.

Chaque article peut présenter de légères variations de couleur ou de texture, en raison des particularités du processus de tannage et des produits naturels utilisés. Nous ne considérons pas cela comme un défaut, mais plutôt comme un signe du caractère unique de l'article. Afin de garantir l'authenticité de nos produits, nous fournissons un certificat de garantie. Cela garantit que notre cuir a été tanné exclusivement avec des tanins naturels d'origine végétale et ne contient aucune

substance interdite par la loi. Les extraits de tanin sont les ingrédients fondamentaux d'un processus de tannage lent et offrent la meilleure qualité. Chaque article est soigneusement élaboré et soumis à un contrôle qualité rigoureux. Les petites veines, les rides et les rayures imperceptibles qui apparaissent avec le temps sur le cuir témoignent de son caractère naturel et rendent chaque peau unique.

Ce que couvre notre garantie à vie

Notre garantie à vie vous assure que votre produit Time Resistance sera exempt de tout défaut de matériaux et de fabrication pendant toute la durée de vie du produit. Si, à tout moment, votre article présente un défaut de fabrication, nous le réparerons sans frais. Cela comprend:

- Problèmes de couture: si les coutures de votre sac ou accessoire se défont en raison d'un défaut de fabrication, nous le réparerons ou le recoudrons.
- Défaut d'une pièce: si une pièce, comme une fermeture éclair, un fermoir, une boucle ou un rivet, se casse ou fonctionne mal en raison d'un défaut de fabrication, nous réparerons ou remplacerons la pièce défectueuse.

Exclusions de garantie

Bien que nos produits soient conçus pour durer, il existe certaines circonstances dans lesquelles notre garantie ne s'applique pas. Les exclusions comprennent, sans s'y limiter:

Usure naturelle: avec le temps, le cuir vieillit naturellement, développe une patine et présente des signes d'usure. C'est ce qui rend chaque produit unique. Les variations de couleur, de texture ou les petites abrasions qui apparaissent à l'usage ne sont pas couvertes par la garantie.

Dommages accidentels: les dommages causés par une chute, un écrasement ou tout autre choc, y compris les perforations, les déchirures et les coupures, ne sont pas couverts.

Entretien ou maintenance inappropriés: le cuir est un matériau naturel qui nécessite un entretien approprié. Les dommages causés par une négligence, tels que l'exposition à des produits chimiques agressifs, à la lumière directe du soleil, à une humidité prolongée ou à l'absence d'un entretien régulier du cuir, ne sont pas couverts.

Modifications ou réparations non autorisées: toute modification ou réparation effectuée par une personne autre que Time Resistance ou un service de réparation agréé peut annuler la garantie.

Dommages causés par des éléments externes: les dommages causés par des événements externes, tels qu'un incendie, une inondation ou autres catastrophes naturelles, ne sont pas couverts par cette garantie.

Dommages intentionnels ou utilisation inappropriée: tout dommage intentionnel, utilisation inappropriée ou abusive du produit, y compris une surcharge, une utilisation à des fins autres que celles prévues ou l'exposition à une force excessive, entraîne une annulation de la garantie.

Perte ou vol: la garantie ne couvre pas la perte ou le vol du produit.

Si vous constatez un problème avec le produit reçu nécessitant une réparation, veuillez nous contacter par e-mail à l'adresse serviceclient@timeresistance.com (<mailto:serviceclient@timeresistance.com>) et nous réparerons votre produit dans un délai d'une semaine à compter de sa réception.

Har på Time Resistance, är vi förbundna till att framställa ladervaror som håller över tid. Vår produkter är tillverkade i material av absolut högsta kvalitet och med traditionellt hantverk, designade att följa dig under en livstid. Då vi tror på hållbarheten och bestående attraktionskraft i våra produkter är vi stolta över att kunna erbjuda livstidsgaranti på våra vaskor i lader och accessoarer (</pages/warranty>).

Varje produkt kan variera något i färg eller textur, detta på grund av sårdragen i garvningsprocessen samt de naturliga produkter som används. Detta anser vi inte vara någon defekt men ett tecken på produktens unikheter. För att garantera aktheten i våra produkter, erbjuder vi ett garanticertifikat. Detta garanterar att vårt lader bara har garvats med naturliga tanniner av vegetabiliskt ursprung, det innehåller inte heller ämnen som är förbjudna enligt lag. Extrakt av tanniner är grundläggande ingredienser i en långsam garvningsprocess och ger bäst kvalitet. Varje artikel är tillverkad med omsorgsfullt hantverk och genomgår en noggrann kvalitetskontroll. Sma vener, rynkor och osynliga repor som så småningom uppstår i laderet är bara ett bevis på dess naturlighet och gör varje skinn unikt.

Om status på ordern säger "Skickad" måste du skapa en retur.

Är det lader?

Vaskor och accessoarer från Time Resistance är tillverkade av absolut högklassigt fullnarvslader, handfärgad, vegetabilisk garvad italiensk kohud, kant som Vachetta-lader. Detta utsökta lader är uteslutande garvat med naturliga tanniner av vegetabiliskt ursprung, något som säkerställer att det är fritt från giftiga ämnen. Tanninextrakt är grundläggande för den långsamma garvningsprocessen och bevarar laderets naturliga utseende och resulterar i ett unikt monster för varje produkt.

Har ni någon säsongsreä?

Nej, våra vaskor är tidlösa så vi har inga utförsäljningar. Vi använder material av högsta kvalitet och våra produkter tillverkas i Italien. Vi sätter inga höga priser för att sedan erbjuda stora rabatter. Därför erbjuder vi inga betydande rabatter. Det positiva med det är att du kommer aldrig att få den obehagliga överraskningen att en produkt du just köpt har sänkt pris med 50 %.

Hur tar jag hand om min vaska?

Vi rekommenderar att du med din beställning lägger till en burk med vårdande Time Resistance laderbalsam. Smörj in din vaska med detta varje eller varannan månad, beroende på hur mycket den

anvands. Det kommer att ge fukt till ladret, behålla dess smidighet och ge en hälsosam glans, det gör det också vattentätt.

Extrakt av tanniner är grundläggande ingredienser i en långsam garvningsprocess och ger bäst kvalitet. Varje artikel är tillverkad med omsorgsfullt hantverk och genomgår en noggrann kvalitetskontroll. Sma vener, rynkor och osynliga repor som så småningom uppstår i laddret är bara ett bevis på dess naturlighet och gör varje skinn unikt.

Vad vår livstidsgaranti täcker

Vår livstidsgaranti garanterar att din Time Resistance-produkt är fri från defekter i både material och utförande under produktens hela livslängd. Om din artikel någon gång skulle gå sönder och det är grund av ett tillverkningsfel, reparerar vi den utan kostnad för dig. Detta inkluderar:

- Problem med smidningen: Om smidningen på din vaska eller ditt tillbehör lossnar på grund av felaktigt utförande, kommer vi att reparera eller byta ut den.
- Fel på hårdvara: Om någon hårdvara, som till exempel dragkedjor, knappen, spännen eller nitarna, går sönder eller fungerar fel på grund av att den är felutrustad, kommer vi att reparera eller byta ut den felaktiga delen.

Undantag från garantin

Även om våra produkter är byggda för att hålla, finns det vissa omständigheter där vår garanti inte kommer att gälla. Dessa undantag inkluderar, men är inte begränsade till:

Naturligt slitage: Med tiden åldras lader naturligt, utvecklar patina och visar tecken på slitage.

Detta är en del av vad som gör din produkt unik. Variationer i färg, textur och mindre repor som uppstår över tid täcks inte av garantin.

Oavsiktlig skada: Skador orsakade av fall, krossning eller andra stötar, inkluderat punkteringar, revor och snitt, täcks inte.

Felaktig skotsel eller underhåll: Lader är ett naturmaterial som kräver omsorgsfull skotsel. Skador som uppstår på grund av försumelse, som till exempel exponering för starka kemikalier, direkt solljus, långvarig fukt eller om du inte regelbundet skoter om laddret, täcks inte heller av garantin.

Ändringar eller icke godkända reparationer: Alla modifieringar eller reparationer som utförs av någon annan än Time Resistance eller en auktoriserad reparationstjänst kan komma att ogiltigförklara garantin.

Skador från yttre element: Skador orsakade av yttre faktorer såsom brand, översvämning eller andra naturkatastrofer täcks inte av garantin.

Avsiktlig skada eller missbruk: Avsiktlig skada, felaktig användning eller missbruk av produkten, inkluderat överbelastning, användning av produkten för andra ändamål än dess avsedda användning eller om du utsätter den för orimligt vald, upphävs garantin.

Forlust eller stöld: Garantin täcker inte förlust eller stöld av din produkt.

Om det uppstår något problem med produkten som du mottagit och som indikerar att reparation behövs, kontakta oss via e-post kundservice@timeresistance.com (<mailto:kundservice@timeresistance.com>) så kommer vi att reparera din produkt inom 1 vecka efter leverans till oss.
